

Distance Learning Plan updates

1. Communication pathways with student families:
 - a. Elementary: Weekly Principal video messages, school updates using JMC message center, student surveys, email, phone calls, mailing letters/notes via the U.S. Postal Service technology platforms including SeeSaw, Google classroom, and Zoom meetings
2. Community Input on student and family needs: We are utilizing schoolwide surveys along with classroom/grade level surveys in the elementary school.
3. Core instruction: We will continue to utilize zoom, Google classroom, Google hangouts, and SeeSaw to deliver instruction. We will also utilize the delivery of paper materials for students to engage with.
4. Supports for all student groups: We have reviewed student needs and examined ways we can support those needs utilizing ADSIS, Title I, paraprofessionals, ELL teachers, and our Native American Coordinator.

Attached are the surveys used to gain feedback:
